

SIZES:

20

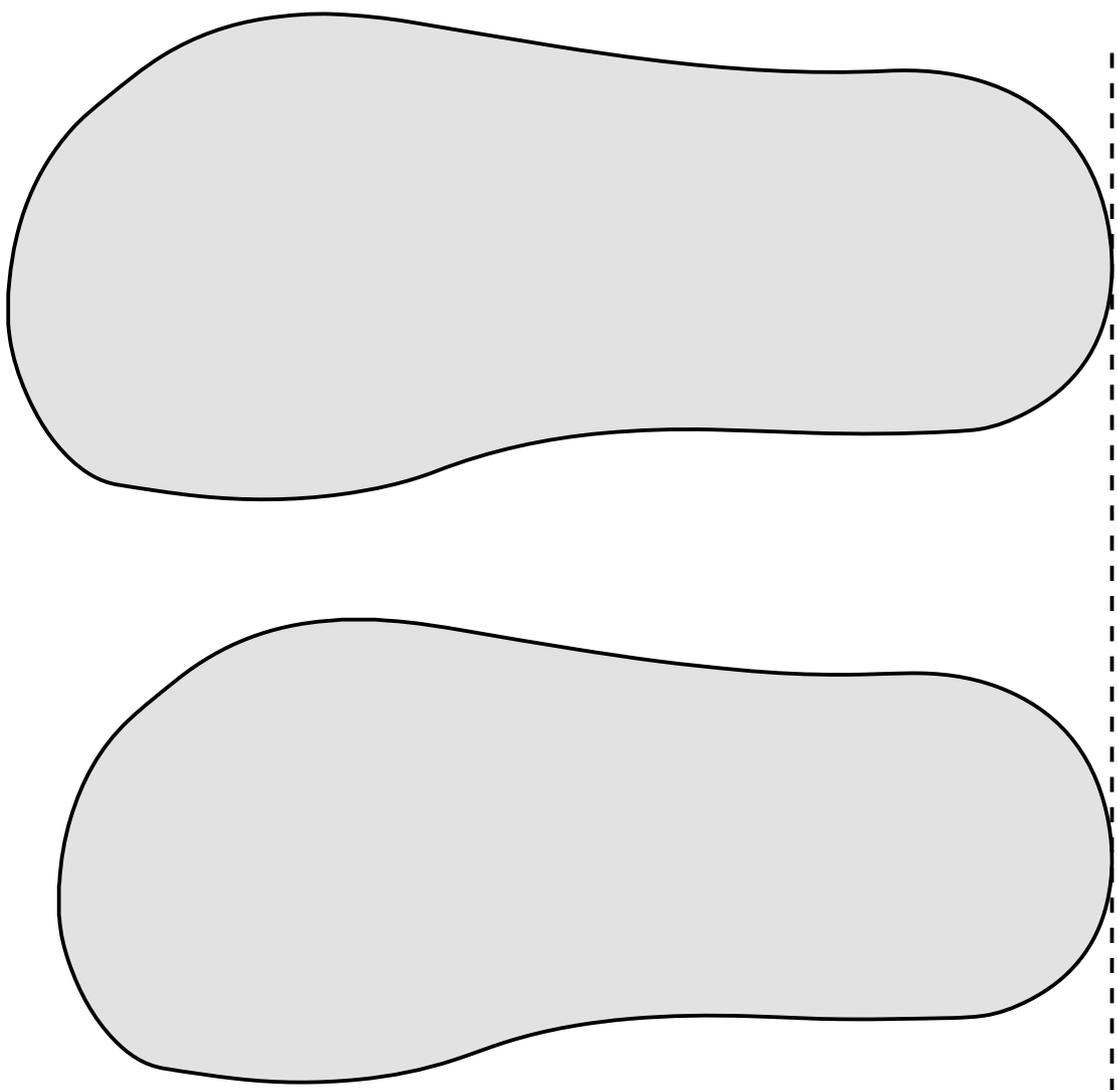

21

MUKISHOES

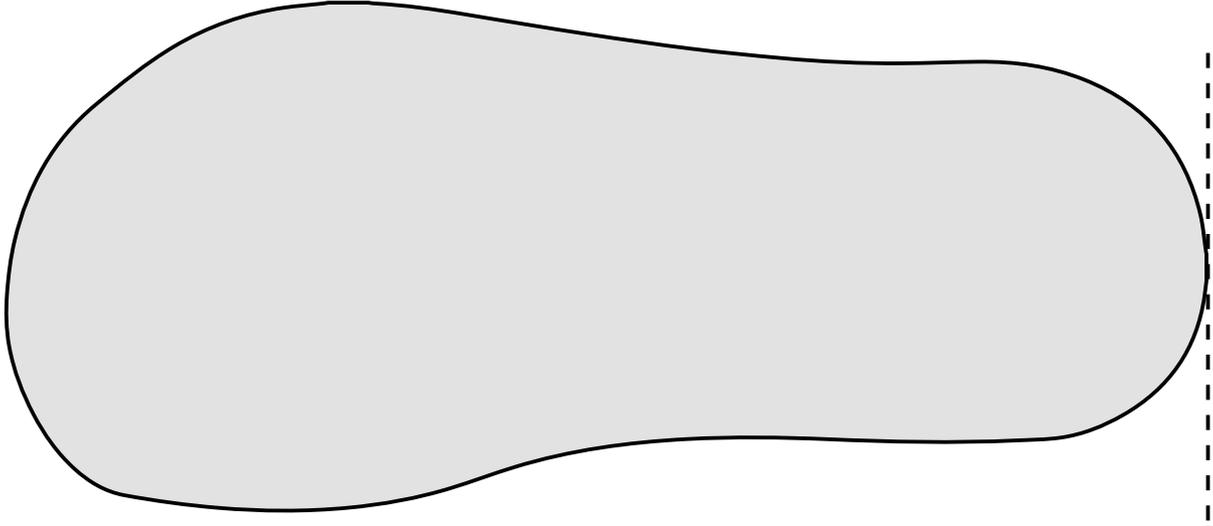

Sizing

1. Print size guide 100% scale & check proof here with credit card
2. Place the printed chart on a hard surface
3. Position your child's heel on the line, making sure they are standing up straight and have both feet flat on the ground.
4. Check position of the longest toe
5. We recommend including a space of approximately 0.6cm to 1.2cm from the longest toe to the selected shoe size.
6. Pick your size. Please ensure you measure both feet as it's normal to have one slightly bigger than the other. Always choose the larger size.
